How to Use This System (ALL+)

For assistance or to report A/V issues, call CMA at 401-874-4278

Getting Started

- Touch the screen to wake; touch again to start.
- Plug the cable into your device (HDMI & VGA inputs only).
- Touch the input button, then touch ‘Send to Projector’ or ‘Send to LCD Monitors’ for where you want it to display.
- When you are finished, touch ‘System Power’ followed by the red icon to power down the system.

Program Audio

- Program audio is controlled using the volume slider on the left side of the screen.
- Touch the speaker icon beneath the arrows to mute.

Connecting to Air Media
● Type the IP address on the AirMedia home screen into the search bar of any web browser. Click ‘Start Presenting’ and install the application.
● Open the application, enter the same IP address into the window, and click ‘Connect.’
● Type in the four-digit code displayed on the AirMedia home screen and click ‘OK.’

Group Work Mode
● To individually connect to each of the LCD screens touch the ‘Group Work’ icon and press ‘Yes.’
● Each screen will be given its own IP address and 4-digit code. Follow the same directions listed above to connect to your desired screen.
